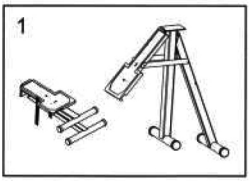
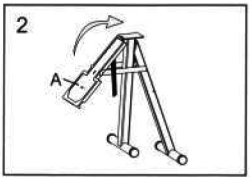
INSTRUCTIONS
ASSEMBLING THE STAND

To setup the Iron Press Stand correctly refer to the following instructions:

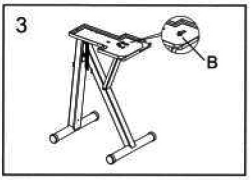
1. Remove the stand from the carton and a small plastic bag containing a metal bolt. You may dispose of the packaging material, as required by the law.



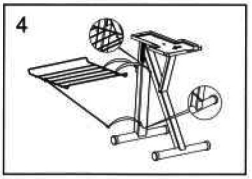
2. Place the stand in the upright position with the feet on the floor. Open the legs of the stand so that the unit can stand freely (see Fig. 1).



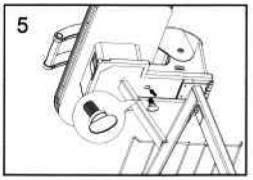
3. Swing the iron press base plate (A) over and connect the support leg to the plate through the opening slit (see Fig. 2). Lock the support leg into position with lever (B) (see Fig. 3).



4. Take the wire clothes rack and connect to the legs of the base as shown (Fig. 4).



5. Please remove/unscrew the Plastic bolt located on the base of the Iron Press. Place the steam press on the Stand plate. Now take the metal bolt provided with the stand and screw it thru the hole in the Stand, which is next to the Velcro strap below, into the Iron press. (Fig 5), Please note that you will need to align the hole in the plate of the stand with the Hole in the Iron press.



6. Finally, pass one end of the Velcro strap through the unit in between the upper and lower arms as shown (Fig. 6) Secure tightly to the other Strap. Now your Iron press is completely secured to the Stand.
